

‘Corporate Social Angel Programme’ terms and conditions

The Corporate Social Angel Programme aims to connect social enterprises (SEs) and corporates. Support provided by corporates to social enterprises include discounts, free service, free consultation, in-kind support and training, as a result enhancing the competitiveness of social enterprises.

Corporates will have to assess the information provided by social enterprises before deciding whether to provide support or not. Below are the procedures for verification of identity as a social enterprise:

1. SEs can send their link of proof on the SE Directory to corporates (<https://socialenterprise.org.hk/en/sedb>) Or SEs can seek for proof directly from SEBC and send that to corporates. SEBC(askSE@hkcss.org.hk) needs to be CC-ed in the email when you are sending the link of proof to corporates.
2. Corporates will assess the information provided by SEs including the proof and any other background information.
3. After assessment, corporates will decide to provide support to SEs or not.

The disclaimer and liability below should be read before joining the Programme.

<https://socialenterprise.org.hk/en/content/terms-use>

Communications

After SEs have obtained the links of proof for their identity to be a social enterprise either from the SE Directory on our website or directly from SEBC, SEs need to CC SEBC(askSE@hkcss.org.hk) when they are sending the links of proof to the corporates.

Termination of programme

If you are not satisfied with the help provided by the corporates or have any conflicts with them and you would like to terminate the cooperation between you and the corporates, you can inform and report to SEBC.
